ATTEND TO YOUR COLDS -A case of five years' and the cored by DR. KEYSER'S PECTORAL SYRUP.

PITTABUROR, Jan. 11, 1869.

DR. KKYER — My wife has been sufficient with a badcouph and difficulty of breathing, for five or six years,
which, for several years back, had gradually increased in
violence. The complaint has been bereditary, and she
had been treated by several physicians without any relief. In this state of her care, I procured some of your
Pectoral Gough Syrup. I hought, the first time, a fifty
cent bettle, which refleved her very much; I then called
and got a dollar bottle, which cared her entirely, and
she has now no trace of the former disease, except weakmess. I would also state that I used the medicine my
self to a cold and cough. The medicine cured me by tak
tag one dose. I express my entire satisfaction with the
medicine, and you neve at therty to publish this if you
desire to do so.

Alderman Fifth Ward.

PITTABURGU, Nov. 18, 1859. PITTASUROR, Jan. 11, 1860.

Preтавикан, Nov. 18, 1858. Da. Kayska:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your Patents Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hourseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold. There been, more or less, in my life, affected with the severest of colds and boarseness. At times my throat would become so clusted as to prevent my speaking above a whisper, and by taking a few does of the above flyrup it would relieve me entirely.

In recommending this medicine, I must unbesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family te without this remedy for discusses no prevailent.

medy for diseases so prevalent.

STRUMENVILLE, O , March 14, 1859 I have used Dr. Keyer's Cough Syrup for a had cough I several years standing, and can cheerfully say it is be best medicine for the same that I have ever taken. J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL COL. PRATT AND DR. KEYSER'S PROTORAL SYRUP.—Dar Keysex Dear Sir. Excuse the delay of my schrowledging the excellence of your Pectoral Couph Syrup scorer. I take great pleasure in saying that it is all you say it is. Belenced the noise out of my couph and the worst one I was ever efficied with I have not used more than one half of the bottle, and I can and do wish that all who are afficited would give its a fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or stany cost. I am consideral can breather more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard, as you think proper R. F. PRATT.

READ THE TRUTH.—Dr. KRYSER I have a daughter who has taken several medicines for a bad cough, without benefit—sucong them Ayor's Cherry Pectoral i purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough

Robinson street, Allegheny.

A GREAT CURE BY DR. KRYSER'S PROTORAL SYRUE.—I live in Peables township, Allegheny county, had a coughing and spliting, which commenced about the 4th of February last, and continued eight months. I comployed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL COUGH SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and splitting. I had despaired of ever getting well, and I think it should be complying the property of the way that the couphing will do for others what mown that this valuable reasely will do for others what thus done in my case. JOHN C. LITTLE, has done in my case. Witness-B. M. Kunn. Peebles townhip.

PATTON TS., April 14, 1837.

A WONDERFUL CURE.—Some time sgo, an old reighbor of mine was very III, with a bad cough which every one supposed to be consumption. His relatives teld me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the bellef that he could not live. I had about the third of a bottle of your Pecteral Syrup, which I gave him, and it entirely cured him, to the automishment of all. What makes the case more remarkable, is the extreme are of the man, he being about lighty years old. I have no doubt the Pectoral saved his life.

OR KETSER'S PECTORAL SYRUP IN FLAIRS DE. RETHER'S PECTORAL SYRUP IN FLATRS-VILLE.—Please send mis another supply of your valu-able "Pectoral Syrup," Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral syrup," We have sold sixteen bottles last week, and are now antireity out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., tell us they would not be withous it in their families. In fact, all who use it once want it again. Yours, respectfully. January 30, 1860.

ANOTHER NEW CERTIFICATE-DR. KEYSER'S ANOTHER NEW CERTIFICATE—DR. REFERENCE FEOTORAL ENGUE,—I had been troubled with a cough and cold for several weeks—so had was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

"ATOP THAT GOUGHING."—'How can I do it?" "Go to Keyser's on Wood street and get a bottle of his Gough Pecforal, and if that don't cure you, your case must be desperate indeed." This is a specimen of the collequy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfally concar in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn care, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, muish, unsubduable coughs we ever experienced since our adventupon this mundance sphere. We coughed steadily and inboriously for one whole week, in hopes of firing it out, but it was no go. In fact it seemed rather to have improved by practice, and to have sequired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, 140 Wood fit—procured a fity can bottle of the "Pectoral," took it seconding to directions, and inforty-right hours we ware master of the field, the enemy having utconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Gough Pectoral." — Drocensville Gispper, Dec. 14, 1859. des are carefully prepared under the direct

change, remedies for all the more common and simple allments of life.

A moment's reflection will show that a vast majority of
diseases from which we safee and dis, were, at their comwencement, simple and trifling. A mere cold, a slight discrice, a pain in the side, or a headache, or hoarseness, at
first easily cured and subdued, in time becomes a consumplion, a fever, a damperous dysentery. Group or other
disease, which all the powers of medicine fail to arrest.

Herein these remedies supply a great public want. Being
on hand, simple, so you know at once what to takepleasant, so as to cause no repugnance—safe, and hence
occasioning no risk, while the curative effects are positive
and certain, they are taken, and at once the spell is broken
and the dauger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being was sure; and
tosa, with more remestant convenience. Thousands are and have been using them for some five years past, in every section of the country, with almost invariable success. All speak in the highest terms of their simplicity and certainty, and among our hundreds or agents the uniform testimony is, that they give good satisfaction to their customers.

Imparting to it an unequied gloss and brilliancy, making it soft and silky in its texture, and causing it to curi readily.

The great celebrity and increasing demand for this unequaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other cutaneous discases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and fexible appearance, and also, where the hair is loosening and thinning, it will gire strength and vigor to the roots and restore the growth to hose parts which have become hald, causing it to yield a resh covering of hair.

There are hundreds of Indies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning until the latest period of life; and in casses where the hair has already changed its color, the use of the Invigorator will with certainty rectors it to it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainlor in curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

perfectle, to be had at all respectable Druggists and Perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hade, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

THE AMALOAMATION OF LANGUAGES.—There is a groing tendency in this age to appropriate the most expressive words of other languages, and after a while to it corporate them into our own; thus the word Cephalis whick is from the Greek, signifying "for the bead," in ow becoming popularized in connection with Mr. Spalding's great headasehe remedy, but it will soon be used it a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is so prevalent, so little understood, and so much neglected as a Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter sylls of which Costiveness is the manal attendant are Meadache, Colic, Bheumatian, Foal Breath, Piles, and others of like nature, white a long train of frightful diseases, such as Malignant Fevers, Abcesses, Dysentery, Diarrhous, Dyspeysia, Apoplexy. Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy, and Insanity, first indicate their presence in the system by thisglairming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the lasidious approaches of disease, and destroy this dangerous foe to human life.

If FOVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and larring nerves, and relaxes the tension of the stomach which always accompanies and aguravates the disordered condition of the brain.

Facts worth anowing.—Spalding's Cephalic Pills are certain cure for Bick Heafache, Billous Heafache, Vervous Heafache, Costiveness, and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

Il 7° Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cophalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires
